Only two to interview

Ordinance says 3 or names forwarded to commission

Could be held in violation technically – committed has done everything they were expected to do.

Condon & Stuckart wrote a letter in May – don't go through process & hire the interim

If someone objects they would have to file a lawsuit.

Attorney's looked and said no judge would throw it out

Mayor Condon met with OPD commission & said they need to hire someone

2nd process didn't attract same caliber of applicants as 1st time around so possibly 3rd wouldn't either.

Need feedback from community whether or not to go ahead and hire
Interim candidate doing a great job.
